REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

School Board
Huron School District No. 2-2
Beadle County, South Dakota

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of Huron School District No. 2-2, Beadle County, South Dakota, as of and for the year ended June 30, 2011, which collectively comprise Huron School District's basic financial statements and have issued our report thereon dated December 7, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Huron School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected by and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Huron School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of federal awarding agencies and pass through entities, the South Dakota Legislature, state granting agencies, the governing board and management of the Huron School District No. 2-2 and is not intended to be and should not be used by anyone other than these specified parties. However, as required by OMB Circular A-133 § 320(a) and South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

School Board
Huron School District No. 2-2
Beadle County, South Dakota

Compliance

We have audited Huron School District No. 2-2's, Beadle County, South Dakota compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of Huron School District's major federal programs for the year ended June 30, 2011. Huron School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Huron School District's management. Our responsibility is to express an opinion on Huron School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Huron School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Huron School District's compliance with those requirements.

In our opinion, Huron School District complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

The management of Huron School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and

performing our audit, we considered Huron School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Huron School District No. 2-2's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance; such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of federal awarding agencies and pass through entities, the South Dakota Legislature, the governing board and management of the Huron School District No. 2-2 and is not intended to be and should not be used by anyone other than these specified parties. However, as required by OMB Circular A-133 § 320(a) and by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT

School Board
Huron School District No. 2-2
Beadle County, South Dakota

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Huron School District No. 2-2, Beadle County, South Dakota, as of and for the year ended June 30, 2011, which collectively comprise Huron School District's basic financial statements, as listed in the Table of Contents. These financial statements are the responsibility of Huron School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of Huron School District No. 2-2 as of June 30, 2011, and the respective changes in financial position and cash flows where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated December 7, 2011 on our consideration of Huron School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of funding progress and budgetary comparison information on pages 10 through 19 and 59 through 69 be presented to supplement the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. we do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Huron School District's financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally excepted in the United States of America. In our opinion, is fairly stated, in all material respects, in relation to the financial statements as a whole.

Harrington & Associates, P.C.

Huron, South Dakota

HURON SCHOOL DISTRICT 2-2 MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Huron School District 2-2's annual financial report presents our discussion and analysis of the district's financial performance during the fiscal year ended on June 30, 2011. Please read it in conjunction with the district's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The district's net assets from governmental and business-type activities increased by \$780,213 primarily because of monitoring of current operating expenses.
- During the year, the district's revenues generated from taxes and other revenues of the governmental and business-type programs were \$780,213 more than the \$20,598,724 governmental and business-type program expenditures.
- The district reduced its outstanding long-term debt \$3,995,000 and issued \$2,785,000 in general refunding obligations to receive a better interest rate and save interest cost.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the district:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the district's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the district's government, reporting the district's operations in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services were financed in the short-term as well as what remains for future spending.
 - Proprietary fund statements offer short- and long-term financial information about the activities that the district operates like businesses. The only proprietary funds operated by the district are the food service operations and concessions.
 - Fiduciary fund statements provide information about the financial relationships in which the district acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

HURON SCHOOL DISTRICT 2-2 MANAGEMENT'S DISCUSSION AND ANALYSIS

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1

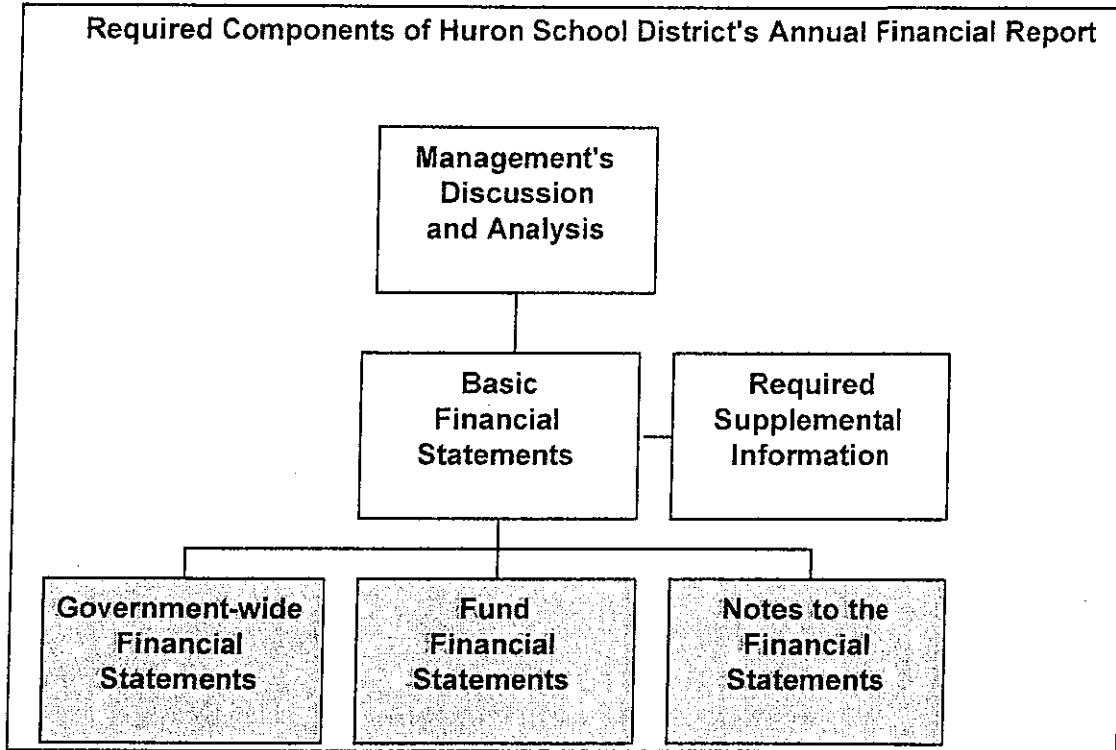

Figure A-2 summarizes the major features of the district's financial statements, including the portion of the district's government they cover and the types of information they contain. The remainder of the overview section of the management's discussion and analysis explains the structure and contents of each of the statements.

HURON SCHOOL DISTRICT 2-2 MANAGEMENT'S DISCUSSION AND ANALYSIS

Figure A-2

Major Features of Huron School District's Government-wide and Fund Financial Statements

	Government-wide Statements	Fund Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Activities the district operates similar to private businesses, such as the food service	Instances in which the district administers resources on behalf of someone else, such as student activity monies
Required financial statements	*Statement of net assets *Statement of activities	*Balance sheet *Statement of revenues, expenditures and changes in fund balances	*Balance sheet *Statement of revenues, expenses and changes in net assets *Statement of cash flows	*Statement of fiduciary net assets *Statement of changes in fiduciary net assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term	All assets and liabilities, both short-term and long-term; the district's funds do not currently contain capital assets although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the district as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the district's net assets and how they have changed. Net assets – the difference between the district's assets and liabilities – are one way to measure the district's financial health or position.

- Increases or decreases in the district's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the district you need to consider additional non-financial factors such as changes in the district's property tax base and changes in the state school aid funding formula from the State of South Dakota.

The government-wide financial statements of the district are reported in two categories:

HURON SCHOOL DISTRICT 2-2 MANAGEMENT'S DISCUSSION AND ANALYSIS

- **Governmental Activities** - This category includes the district's basic instructional services, such as elementary and high school educational programs, support services (guidance counselor, executive administration, board of education, fiscal services, etc.), debt service payments, extracurricular activities (sports, debate, music, etc.) and capital equipment purchases. Property taxes, state grants, and federal grants finance most of these activities.
- **Business-type Activities** - The district charges fees to help cover the costs of providing certain services. Food service and concessions are the only business-type activities of the district.

Fund Financial Statements

The fund financial statements provide more detailed information about the district's most significant funds – not the district as a whole. Funds are accounting devices that the district uses to keep track of specific sources of funding and spending for particular purposes.

- State Law requires some of the funds.
- The School Board establishes other funds to control and manage money for particular purposes like paying the district's general obligation bonds.

The district has three kinds of funds:

- **Governmental Funds** – Most of the district's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at the year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the district's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information with the governmental funds statements that explain the relationship (or differences) between them.
- **Proprietary Funds** – Services for which the district charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short- and long-term financial information. The food service and concessions enterprise funds are the only proprietary funds maintained by the district.
- **Fiduciary Funds** – The district is the trustee, or fiduciary, for various external and internal parties. The district is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The district excludes these activities from the district's government-wide financial statements because the district cannot use these assets to finance its operations.

**HURON SCHOOL DISTRICT 2-2
MANAGEMENT'S DISCUSSION AND ANALYSIS**

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Assets

The district's combined net assets changed as follows:

**Table A-1
Huron School District 2-2
Statement of Net Assets**

	Governmental Activities		Business-Type Activities		Total	
	2010	2011	2010	2011	2010	2011
Current and Other Assets	12,665,279	11,797,953	365,593	477,024	13,030,872	12,274,977

Total Assets	25,372,081	23,993,487	691,891	771,619	26,063,972	24,765,106
Long-Term Debt Outstanding	8,766,249	7,626,589	3,110	5,499	8,769,359	7,632,088
Other Liabilities	2,879,527	1,927,441	14,557	24,835	2,894,084	1,952,276
Total Liabilities	11,645,776	9,554,030	17,667	30,334	11,663,443	9,584,364
Net Assets:						
Invested in Capital Assets						
Net of Related Debt	3,940,553	4,635,356	326,298	294,595	4,266,851	4,929,951
Restricted	2,324,146	2,200,434	347,926	446,690	2,672,072	2,647,124
Unrestricted	7,461,606	7,603,667	-	-	7,461,606	7,603,667
Total Net Assets	13,726,305	14,439,457	674,224	741,285	14,400,529	15,180,742
Beginning Net Assets	14,032,454	13,726,305	413,135	674,224	14,445,589	14,400,529
Increase (Decrease) in Net Assets	(306,149)	713,152	261,089	67,061	(45,060)	780,213
Percentage of Increase (Decrease) in Net Assets	-2.18%	5.20%	63.20%	9.95%	-0.31%	5.42%

The Statement of Net Assets reports all financial and capital resources. The statement presents the assets and liabilities in order of relative liquidity. The liabilities with average maturities greater than one year are reported in two components – the amount due within one year and the amount due in more than one year. The long-term liabilities of the district, consisting of general obligation bonds payable, compensated absences payable, early retirement benefits payable, and capital outlay certificates payable, have been reported in this manner on the Statement of Net Assets. The difference between the district's assets and liabilities is its net assets.

**HURON SCHOOL DISTRICT 2-2
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Changes in Net Assets

The district's total revenues (excluding special items and transfers) totaled \$21,378,937. (See Table A-4.) Approximately 39.1% of the district's revenue comes from property and other taxes, with another 27.9% from state aid. (See Table A-2).

**Table A-2, Huron School District 2-2, Sources of Revenue
Fiscal Year 2009-2010**

Taxes	39.1%
State Sources	27.9%
Operating Grants and Contributions	25.4%
Charges for Services	5.0%
Other General Revenues	2.0%
Unrestricted Investment Earnings	.6%

The District's expenses cover a range of services, encompassing instruction, support services and food services. (See Table A-4)

**Table A-3, Huron School District 2-2, Expenses
Fiscal Year 2009-2010**

Instruction	51.6%

HURON SCHOOL DISTRICT 2-2 MANAGEMENT'S DISCUSSION AND ANALYSIS

Revenues for the School's governmental activities increased .1% while expenses for governmental activities decreased by 4%.

BUSINESS-TYPE ACTIVITIES

Revenues of the district's business-type activities increased by approximately 6% to \$1,468,508 and expenses increased 4%. The food service and concessions operation revenue exceeded expenses by approximately \$59,012 before transfers or contributions from capital outlay.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The purpose of the Huron School District's governmental funds is to provide information on inflows, outflows, and fund balances. As the district completed the year, its governmental funds reported combined fund balances of \$5.8 million, a decrease of 1.6%. This decrease is due to bond proceeds spent for the purpose of remodeling and adding onto the high school.

The general, bond redemption and building funds did not have any significant change in fund balance for the year. However, the balance of the special education fund increased \$259,703 mainly due to controlling expenses.

In addition to the district-wide financial statements, food service and concessions are reported in greater detail in the proprietary funds statements. The district's enterprise funds showed an increase in net assets of \$67,061.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the School Board revised the school budget. The various reasons for the revision fall into three categories:

- Supplemental appropriations and contingency transfers were approved for unanticipated, yet necessary, expenses to provide for items necessary for the education program of the district.
- Increases in appropriations, primarily by contingency transfer, to prevent budget overruns and controlling under spent budgets..
- Supplemental appropriations were approved for supplemental grant revenues received after the original budget was adopted.

CAPITAL ASSET ADMINISTRATION

By the end of 2011, the district had invested \$12,195,534 in a broad range of capital assets, including, land, buildings, various machinery and equipment. (See Table A-5.)

**HURON SCHOOL DISTRICT 2-2
MANAGEMENT'S DISCUSSION AND ANALYSIS**

**Table A-5

Machinery and Equipment	2,352,061	2,367,049	324,961	294,416
Total Capital Assets (Net)	12,706,802	12,195,534	326,298	294,595

This year's capital asset purchases were laptops and building remodeling

LONG-TERM DEBT

At year-end, the district had \$7,592,028 in general obligation bonds, capital outlay certificates and other long-term obligations. This is a decrease of 13.36% as shown on Table A-6 below.

	Governmental Activities		Business-type Activities		Total Dollar Change	Total Percentage Change
	2010	2011	2010	2011	2010-2011	2010-2011
General obligation bonds	2,765,000	1,930,000	-	-	(835,000)	-30.20%
Capital outlay certificates	5,835,000	5,460,000	-	-	(375,000)	-6.43%
Other postemployment benefits	63,476	98,037	-	-	34,561	54.45%
Early Retirement Payable		31,850				
Compensated absences	102,773	106,702	3,110	5,499	6,318	5.97%
Total Outstanding Debt and Obligations	8,766,249	7,626,589	3,110	5,499	(1,137,271)	-12.97%

The district maintains an early retirement plan, which allows those meeting certain qualifications, to retire early and receive 65% to 80% of their last year's salary in one lump sum. This plan allows the district to reduce the overall program cost by hiring lower paid employees to replace the higher paid employees. The district maintains an OPEB plan that allows eligible retired employees to pay to stay on the health plan with the school district.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The district experienced an increase in total property valuation of about \$27 million or 4.1% from the prior year. With the exception of the general fund, the increase in property valuation allows the district the ability to increase the amount of revenue generated; however the total amount of property taxes, which can be levied, is limited by the State of South Dakota.

**HURON SCHOOL DISTRICT 2-2
MANAGEMENT'S DISCUSSION AND ANALYSIS**

For the general fund, one of the primary sources of revenue to the district is based on a per student allocation received from the State of South Dakota. The state aid formula for the current year ensures that property taxes plus state aid will equal \$4,804 per pupil.

660,850	130,688	5,901,801
\$ 920,553	\$ 147,963	\$ 5,803,760

HURON SCHOOL DISTRICT NO. 2-2
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
BALANCES TO THE GOVERNMENT-WIDE STATEMENTS OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2011

Total net change in fund balances - governmental funds \$ (98,041)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays in the period.

Capital Outlays	\$ 574,158	
Depreciation Expense	(961,629)	
Net		(387,471)

In the statement of activities gain and losses (\$63,610) on disposal of capital assets are reported, whereas, in the governmental funds, the proceeds \$60,187 from the sale of surplus property and compensation for loss of capital asset is reflected regardless of whether a gain or loss is realized (+gains -losses -proceeds =amount).

Value of disposed assets	(123,797)
--------------------------	-----------

Repayment of bond principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the statement of net assets and does not effect the statement of activities.

General Obligation Bonds	3,620,000	
Capital Outlay Certificates	375,000	
Net		3,995,000

The issuance of long-term debt is an other financing source in the fund statmennts but an increase in long-term liabilities on the government wide statements

General Obligation Bonds	(2,785,000)
--------------------------	-------------

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds, and are instead counted as deferred tax revenues. They are, however, recorded as revenues in the statement of activities. The amount reported is the change in deferred tax revenues from last year.

Taxes Receivable - Current	3,900,461	
Taxes Collected;		
July-December	(3,717,660)	
		182,801

Governmental funds recognize expenditures for amounts of compensated absences and early retirement benefits actually paid to employees with current financial resources during the fiscal year. Amounts of compensated absences earned by employees are not recognized in the funds. In the statement of activities, expenses for these benefits are recognized when the employees earn leave credits or elect to retire early.

Other postemployment benefits	(34,561)	
Compensated absences	(3,929)	
Early Retirement	(31,850)	
		(70,340)

Change in net assets of governmental activities

\$ 713,152

The accompanying notes are an integral part of these financial statements.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Financial Reporting Entity:

The reporting entity of Huron School District No. 2-2, consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The School District is financially accountable if its Governing Board appoints a voting majority of another organization's governing body and it has the ability to impose its will on that organization, or there is a potential for that organization to provide specific financial benefits to, or impose specific financial burdens on, the School District (primary government). The School District may also be financially accountable for another organization if that organization is fiscally dependent on the School District. The School District has no component units.

The accounting policies of the School District conform to generally accepted accounting principles as applicable to government entities in the United States of America.

b. Basis of Presentation:

Government-Wide Financial Statements: The Statement of Net Assets and the Statement of Activities display information about the reporting entity as a whole. These statements include the financial activities of the overall government, except for fiduciary activities. These statements distinguish between the governmental and business-type activities of the School District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

b. Basis of Presentation: (cont'd)

The Statement of Net Assets reports all financial and capital resources, in a net assets form (assets minus liabilities equal net assets). Net assets are displayed in three components, as applicable, invested in capital assets net of related debt, restricted (distinguishing between major categories of restrictions), and unrestricted.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the School District and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the School District or it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined, or
3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

b. Basis of Presentation: (cont'd)

Governmental Funds:

General Fund - A fund established by South Dakota Codified Laws (SDCL) 13-16-3 to meet all the general operational costs of the School District, excluding the capital outlay fund and special education fund expenditures. The General Fund is always a major fund.

Special Revenue Fund Types - Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Outlay Fund - A fund established by SDCL 13-16-6 to meet expenditures which result in the lease of, acquisition of or additions to real property, plant or equipment, textbooks and instructional software. This fund is financed by property taxes. This is a major fund.

Special Education Fund - A fund established by SDCL 13-37-16 to pay the costs for the special education of all children in need of special assistance and prolonged assistance who reside within the School District. This fund is financed by grants and property taxes. This is a major fund.

Pension Fund - A fund established by SDCL 13-10-6 for the purpose of paying pensions to retired employees of school districts, which have established such systems, paying the School District's share of retirement plan contributions, and for funding early retirement benefits to qualifying employees. This fund is financed by property taxes. This is not a major fund.

Auditorium Building Fund - A fund established by SDCL 6-4-1 for the purpose of erecting or remodeling an auditorium, coliseum, public gymnasium, or public community house and for the acquisition of sites and equipment therefore. This is not a major fund.

Debt Service Fund Types - Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Bond Redemption Fund - A fund established by SDCL 13-16-13 to account for the proceeds of a special property tax restricted to use for the payment of principal and interest on general obligation bonded debt. This fund is the only debt service fund maintained by the School District. This is not a major fund.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

b. Basis of Presentation: (cont'd)

Proprietary Funds:

Enterprise Funds - Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Food Service Fund - A fund used to record financial transactions related to food service operations. This fund is financed by user charges and grants. This is a major fund.

The Concessions Fund is an enterprise fund maintained by the School District. It is not a major fund.

Fiduciary Funds:

Fiduciary Funds are never considered to be major funds.

Private-Purpose Trust Fund Types - private-purpose trust funds are used to account for all other trust arrangements under which principal and income benefit individuals, private organizations, or other organizations. The School District maintains the following private-purpose trust funds:

Harrigle, Kittinger, Peppers and Huron Community Scholarship Trusts and their purpose is scholarships.

Agency Funds - agency funds are used to account for resources held by the School District in a purely custodial capacity (assets equal liabilities). Since agency funds are custodial in nature they do not involve the measurement of results of operations. The School District maintains agency funds to hold assets as an agent in a trustee capacity for various classes, clubs, and so on.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

c. Measurement Focus and Basis of Accounting:

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus

Measurement Focus:

Government-Wide Financial Statements: In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements: In the fund financial statements, the "current financial resources" measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the "economic resources" measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary funds.

Basis of Accounting:

Government-Wide Financial Statements: In the government-wide Statement of Net Assets and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets generally are recorded when earned (usually when the right to receive cash vests); and expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests).

Fund Financial Statements: All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, generally are recognized when they become measurable and available. "Available" means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period does not exceed one bill-paying cycle, and for the Huron School District No. 2-2, the length of that cycle is sixty days.

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

c. Measurement Focus and Basis of Accounting: (cont'd)

All proprietary and fiduciary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

The business-type activities and enterprise funds do not apply any FASB Statements and Interpretations issued after November 30, 1989.

d. Interfund Eliminations and Reclassifications:

Government-Wide Financial Statements: In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund balances in the fund financial statements have been eliminated or reclassified, as follows:

1. In order to minimize the grossing-up effect on assets and liabilities within the governmental and business-type activities columns of the primary government, amounts reported as interfund receivables and payables have been eliminated in the governmental and business-type activities columns, except for the net, residual amounts due between governmental and business-type activities, which are presented as Internal Balances.

Fund Financial Statements: Noncurrent portions of long-term interfund receivables are reported as Nonspendable Fund balance to the extent that the proceeds from the collection of those receivables are not Restricted, Committed, or Assigned, and are reported in the appropriate fund balance category. Current portions of interfund receivables are considered "available spendable resources" and are reported in the appropriate fund balance category.

e. Inventory:

Inventory is stated at the lower of cost or market. The cost valuation method is the consumption method. Donated commodities are valued at estimated market value based on the USDA price list on the date of receipt.

In the government-wide financial statements, inventory items are initially recorded as assets and charged to expense in the various functions of government as they are consumed.

In the fund financial statements, inventories in the General Fund and Special Revenue Funds consist of expendable supplies held for consumption.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

e. Inventory: (cont'd)

The cost is recorded as an expenditure at the time individual inventory items are consumed. Reported inventories are equally offset by a nonspendable fund balance. No material inventories were on hand at June 30, 2011, for the governmental funds.

f. Capital Assets:

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements: All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at the estimated fair value on the date donated.

Interest costs incurred during construction of capital assets are not capitalized along with other capital asset costs.

The total June 30, 2011 balance of capital assets for governmental activities includes approximately fifty percent for which the costs were determined by estimates of the original costs. The total June 30, 2011 balance of capital assets for business-type activities are all valued at original cost. These estimated original costs were established by appraisals or deflated current replacement cost.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the government-wide Statement of Activities, with net capital assets reflected in the Statement of Net Assets. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

f. Capital Assets: (cont'd)

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Land	\$ 1,000	--	--
Land Improvements	\$ 1,000	Straight-line	20 yrs.
Buildings	\$ 50,000	Straight-line	50 yrs.
Machinery and Equipment	\$ 1,000	straight-line	4-20 yrs.

Land, an inexhaustible capital asset, is not depreciated.

Fund Financial Statements: In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the appropriate governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

g. Long-Term Liabilities:

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term liabilities consist primarily of compensated absences, early retirement benefits payable, and capital outlay certificates payable and general obligation bonds payable.

In the fund financial statements, debt proceeds are reported as revenues (other financing sources) and payment of principal and interest are reported as expenditures when they become due. The accounting for proprietary fund long-term debt is on the accrual basis, the same in the fund statements as it is in the government-wide statements.

h. Program Revenues:

In the government-wide Statement of Activities, reported program revenues derive directly from the program itself or from parties other than the School District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

h. Program Revenues: (cont'd)

1. Charges for services - These arise from charges to customers, applicants, or others who purchase, use or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions - These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions - These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

i. Proprietary Funds Revenue and Expense Classifications:

In the proprietary fund's Statement of Revenues, Expenses and Changes in Fund Net Assets, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are not reported as components of operating revenues or expenses.

j. Accumulated Unpaid Vacation and Sick Leave:

Annual leave for eligible employees is earned at the rate of 10 days per year for the first 5 years of service, with up to 25 days for service over 25 years.

Sick leave is earned by the employees at varying rates depending on position. Upon termination, employees are not entitled to receive compensation for their accrued sick leave balance.

k. Deferred Revenue:

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred revenues are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

1. Cash and Cash Equivalents:

The School District pools its cash resources for depositing and investing purposes. The enterprise funds have access to their cash resources on demand. Accordingly, all reported enterprise funds deposits and investment balances are considered to be cash equivalents for the purpose of the Statement of Cash Flows.

m. Equity Classifications:

Government-Wide Financial Statements: Equity is classified as net assets and is displayed in three components:

1. Invested in capital assets, net of related debt - Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net assets - Consists of net assets with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements: Governmental fund equity is classified as fund balance, and may distinguish between "Reserved" and "Unreserved" components. Proprietary fund equity is classified the same as in the government-wide financial statements. Fiduciary fund equity (except for Agency Funds, which have no fund equity) is reported as net assets held in trust for other purposes.

n. Application of Net Assets:

It is the School District's policy to first use restricted net assets, prior to the use of unrestricted net assets, when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

o. Fund Balance Classification Policies and Procedures:

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the School District classifies governmental fund balances as follows:

- * Nonspendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- * Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- * Committed - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- * Assigned - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by School Board.
- * Unassigned - includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Nonspendable Fund Balance is comprised of an advance due from the pension fund to the general fund.

The School District uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The purpose of each major special revenue fund and revenue source is listed below:

Major Special Revenue Fund	Revenue Source
Capital Outlay Fund	Taxes
Special Education Fund	Taxes

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONT'D)

p. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. DEFICIT FUND BALANCES:

As of June 30, 2011, the following non-major fund had a deficit fund balance in the amount shown:

Pension Fund	\$ (156,264)
--------------	--------------

Management's plan is to contribute cash to the Pension Fund as needed to make the fund cash flow.

3. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK:

The School District follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits - The School District's deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1 and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

3. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK: (CONT'D)

Investments - In general, SDCL 4-5-6 permits school funds to be invested in (a) securities of the United States and securities guaranteed by the United States government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a); or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) and repurchase agreements described in (b). Also, SDCL 4-5-9 requires that investments shall be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

Interest Rate Risk - The School District does not have a formal investment policy that limits investment maturities as a mean of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits eligible investments for the School District, as discusses above. The School District has no investment policy that would further limit its investment choices. As of June 30, 2011, the school did not have investments.

Concentration of Credit Risk - The School District places no limit on the amount that may be invested in any one issuer. As of June 30, 2011, the School District did not have investments.

Assignment of Investment Income - State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The School District's policy is to credit all income from deposits and investments to the General Fund, except for the private-purpose trust fund(s) which retains its investment income. USGAAP, on the other hand, requires income form deposits and investments to be reported in the fund whose assets generated that income. Where the governing board has discretion to credit investment income to a fund other than the fund that provided the resources for investment, a transfer to the designated fund is reported. Accordingly, in the fund financial statements, interfund transfers of investment earnings are reported, while in the government-wide financial statements, they have been eliminated, except for the net amounts transferred between governmental activities and business-type activities. These interfund transfers are not violations of the statutory restrictions on interfund transfers.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

4. PROPERTY TAX:

Property taxes are levied on or before each October 1, attach as an enforceable lien on property, and become due and payable as of the following January 1, and are payable in two installments on or before the following April 30 and October 31. The county bills and collects the School District's taxes and remits them to the School District.

School District property tax revenues are recognized to the extent that they are used to finance each year's appropriations. Revenue related to current year property taxes receivable which is intended to be used to finance the current year's appropriations, but which will not be collected during the current fiscal year or within the "availability period" has been deferred in the fund financial statements. Property tax revenues intended to finance the current year's appropriations, and therefore susceptible to accrual, has been reported as revenue in the government-wide financial statements, even though collection will occur in a future fiscal year.

5. DUE FROM AND TO OTHER GOVERNMENTS:

Amounts due from other governments include reimbursements for various programs. These amounts include \$387,527 due from the federal government.

6. CHANGES IN CAPITAL ASSETS:

A summary of changes in capital assets for the fiscal year ended June 30, 2011 is as follows:

Compensated absences for governmental activities typically have been liquidated from the General and Special Education Funds. Early Retirement Benefits payable for governmental activities have been liquidated from the Pension Fund.

The district maintains an early retirement plan, which allows those meeting certain qualifications, to retire early and receive 65% to 80% of their salary received during their last full year of employment in one lump sum. Payment will be made to the South Dakota Retirement Special Pay Plan on behalf of the employee. All employees reaching the retirement age factor prior to September 1 of the next year are eligible to submit, in writing, a binding intent to elect early retirement, effective on the date the retiring employee reaches the retirement age factor. All retiring employees will receive the balance of their contractual salary on their last day of employment the Huron School District. If the employee elects retirement during the summer months, payment will be made within 45 days from the time the employee notifies the superintendent, in writing. In the fiscal year 2010 seven retiring employees received benefits. As of June 30, 2011 the unpaid retirement benefit was \$31,850.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

7. LONG-TERM LIABILITIES: (CONT'D)

Other post employment benefits typically are liquidated from the applicable fund except for the General Fund which benefits are liquidated from the Pension Fund. See Note 13 for a description of the liability for other postemployment benefits.

Debt Payable at June 30, 2011 is comprised of the following:

General Obligation Bonds:

The School District issued \$2,785,000 of General Obligation Refunding Bonds, Series 2010

The bonds are payable on June 4, 2010

through December 15, 2013 with fixed interest rates from 1.0% to 2.0% that vary depending on the term of maturity.

The Bond Redemption Fund makes payment on this debt. \$ 1,930,000

Capital Outlay Certificates:

The School District issued \$2,150,000 of Capital Outlay Refunding Certificates, Series 2005 on July 15, 2005

The certificates are payable from August 1, 2006

through February 1, 2018 with fixed interest rates from 3.75% to 4.0% that vary depending on the term of maturity.

The Capital Outlay Fund makes payment on this debt. \$ 1,690,000

Capital Outlay Certificates

The School District issued \$615,000 of Capital Outlay Limited Tax General Obligation Outlay Certificates,

Series 2009 A on June 25, 2009, The Certificates are payable December 1, 2009 through June 1, 2013

with fixed interest rates from 1.4% to 2.5% that vary depending on the term of maturity.

The Capital Outlay Fund makes payment on this debt. \$ 295,000

Debt Services	Debt Covenants	294,957
Food Services	Federal Regulations	446,341
Auditorium	Law	<u>9,270</u>
Total Restricted Net Assets		<u>\$ 2,629,775</u>

10. ASSIGNED FUND BALANCE FOR CASH FLOW:

As authorized by SDCL 13-11-2, the school board has determined that year-end minimum fund balance of \$1,200,000 is necessary to protect the school district's cash liquidity for July 1, through mid-November of the subsequent fiscal year. This amount is reported as Assigned Fund Balance in the affected fund.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

11. RETIREMENT PLAN:

All employees, except for board members and employees that work less than 20 hours per week, participate in the South Dakota Retirement System (SDRS), a cost-sharing, multiple employer public employee retirement system established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability and survivor's benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in South Dakota Codified Law 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the SDRS, PO Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731.

Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0% of salary; Class B Judicial Members, 9.0% of salary; and Class B Public Safety Members, 8.0% of salary.

State statute also requires the employer to contribute an amount equal to the employee's contribution and to also make an additional contribution in the amount of 6.2% for any compensation exceeding the maximum taxable amount for social security for general employees only. The School District's share of contributions to the SDRS for the fiscal years ended June 30, 2011, 2010 and 2009 were \$631,347, \$618,222 and \$617,748 (employer's share) respectively, equal to the required contributions each year.

12. RISK MANAGEMENT:

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2011, the School District managed its risks as follows:

Health Insurance

The School District purchases health insurance for its employees from a commercial insurance carrier. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

Unemployment Benefits

The School District has elected to be self-insured and retain all risk for liabilities resulting from claims for unemployment benefits. During the year ended June 30, 2011, claims of \$2,464 for unemployment benefits were paid.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

12. RISK MANAGEMENT: (CONT'D)

Liability Insurance

The School District purchases liability insurance for risks related to torts; theft or damage to property; and errors and omissions of public officials from a commercial insurance carrier. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

Workmen's Compensation

The School District purchases liability insurance for workmen's compensation from a commercial carrier.

13. OTHER POSTEMPLOYMENT BENEFITS

The Huron School District implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pensions, for the fiscal year ended June 30, 2009. This implementation allows the District to report its liability for other postemployment benefits consistent with newly established generally accepted accounting principles and to reflect an actuarially determined liability for the present value of projected future benefits for retired and active employees in the financial statements.

Plan description

The Huron School District 2-2 Other Postemployment Benefits Plan is a single employer defined benefit OPEB plan. The district provides medical, prescription drug, and dental benefits (healthcare benefits) to retired employees and their dependents under certain conditions in accordance with SDCL 6-1-16 and 13-10-3. As the valuation of July 1, 2009, there were 127 active and 22 retirees covered by the plan.

Funding policy

The District funds the other post retirement benefits on a pay-as-you-go basis. Because the District does not use a trust fund to administer the financing of other postemployment benefits, no separate financial statements are required. The retired employees monthly contributions are based on 100% of the full active employee premium rate plus a \$5.00 monthly fee.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

13. OTHER POSTEMPLOYMENT BENEFITS: (CONT'D)

Annual OPEB cost and net OPEB obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize and unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB costs for the year ended June 30, 2011, changes in the District's net OPEB obligation, and the percentage of the annual OPEB cost contributed to the plan.

	Governmental Activities
Annual required contribution	\$ 121,773
Interest on net OPEB obligation	---
Annual OPEB cost (expense)	121,773
Contributions made	(87,212)
Increase in net OPEB obligation	34,561
OPEB obligation - beginning	63,476
OPEB obligation - ending	<u>\$ 98,037</u>
Percentage of annual OPEB cost contribution	<u>61.4%</u>

Funded Status

As of July 1, 2008 the most recent actuarial valuation date for the period July 1, 2008 through June 30, 2009, the District's unfunded actuarial accrued liability (UAAL) was \$1,255,139. The annual payroll for active employees covered by the plan in the actuarial valuation for the 2008-2009 fiscal year was \$5,489,234 for a ratio of the UAAL to covered payroll of 22.9%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future, such as assumptions about future terminations, mortality, and healthcare cost trends. Actuarially determined amounts are subject to continual revision as actual results are compared with past experience and new estimates are made about the future.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2011

13. OTHER POSTEMPLOYMENT BENEFITS: (CONT'D)

Actuarial methods and assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the July 1, 2008 actuarial valuation, the projected credit method was used. The actuarial assumptions included a rate of 4.2% investment return and annual healthcare cost trend rate of 10% initially, reduced by decrements to an ultimate ratio of 5% after 6 years. Both rates include a 3% salary increase per year. The assumed claim costs were determined from the fully insured premiums and underlying claim experience of OPEB plans and actuarial age adjustment factors. The dental claims were assumed to be equal to the dental premiums.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2011

1. BASIS OF PRESENTATION:

The financial statements prepared in conformity with accounting principles generally accepted in the United States of America present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new school bus would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, however in the budgetary Required Supplementary Information Schedule, the purchase of a school bus would be reported as an expenditure of the Support Services-Business/Pupil Transportation function of government, along with all other current Pupil Transportation related expenditures.

2. BUDGETS AND BUDGETARY ACCOUNTING:

The School District followed these procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to the first regular board meeting in May of each year the school board causes to be prepared a proposed budget for the next fiscal year according to the budgetary standards prescribed by the Auditor General. The proposed budget is considered by the school board at the first regular meeting held in the month of May of each year. The proposed budget is published for public review no later than July 15 each year. Public hearings are held to solicit taxpayer input prior to the approval of the budget. Before October 1 of each year, the school board must approve the budget for the ensuing fiscal year for each fund, except trust and agency funds.
- b. After adoption by the school board, the operating budget is legally binding and actual expenditures of each fund cannot exceed the amounts budgeted, except as indicated in letter d.
- c. A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5 percent of the total school district budget and may be transferred by resolution of the school board to any other budget category, except for capital outlay, that is deemed insufficient during the year.
- d. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows adoption of supplemental budgets when moneys are available to increase legal spending authority.

HURON SCHOOL DISTRICT NO. 2-2
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2011

2. BUDGETS AND BUDGETARY ACCOUNTING: (CONT'D)

- e. Unexpended appropriations lapse at year-end unless encumbered by resolution of the school board.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of moneys are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund and Special Revenue Funds.

No encumbrances were outstanding at June 30, 2011.

- f. Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds. Formal budgetary integration is not employed for Debt Service Funds because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.
- g. Budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Note 1: The amounts reflect cash received, Federal reimbursements are based on approved rates for services provided rather than reimbursements for specific expenditures.

Note 2: The accompanying schedule of expenditures of federal awards includes the federal grant activity of Huron School District No. 2-2 and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 3: The amount reported represents 23.3% of the original acquisition cost of the federal surplus property received by the school (Original acquisition cost is provided by Federal Surplus Property. It is not what the school actually paid for the item.).
